

COMPLETER LICENSING

Beginning September 1, 2013, the Ohio Assessments for Educators tests have been a licensure requirement for all initial licensure programs in Ohio. All candidates must pass one test of Applied Professional Knowledge or achieve a state passing score on the edTPA. In addition, they are required to take one or more content tests. This evidence document provides a snapshot summary of CSU initial and advanced licensure candidate performance by test over a three-year period and compares the most recent year of results with candidate results statewide. Each year, faculty engage in analysis of the individual test scores disaggregated to the domain and competency levels, to identify potential areas for curriculum modification or enhancement.

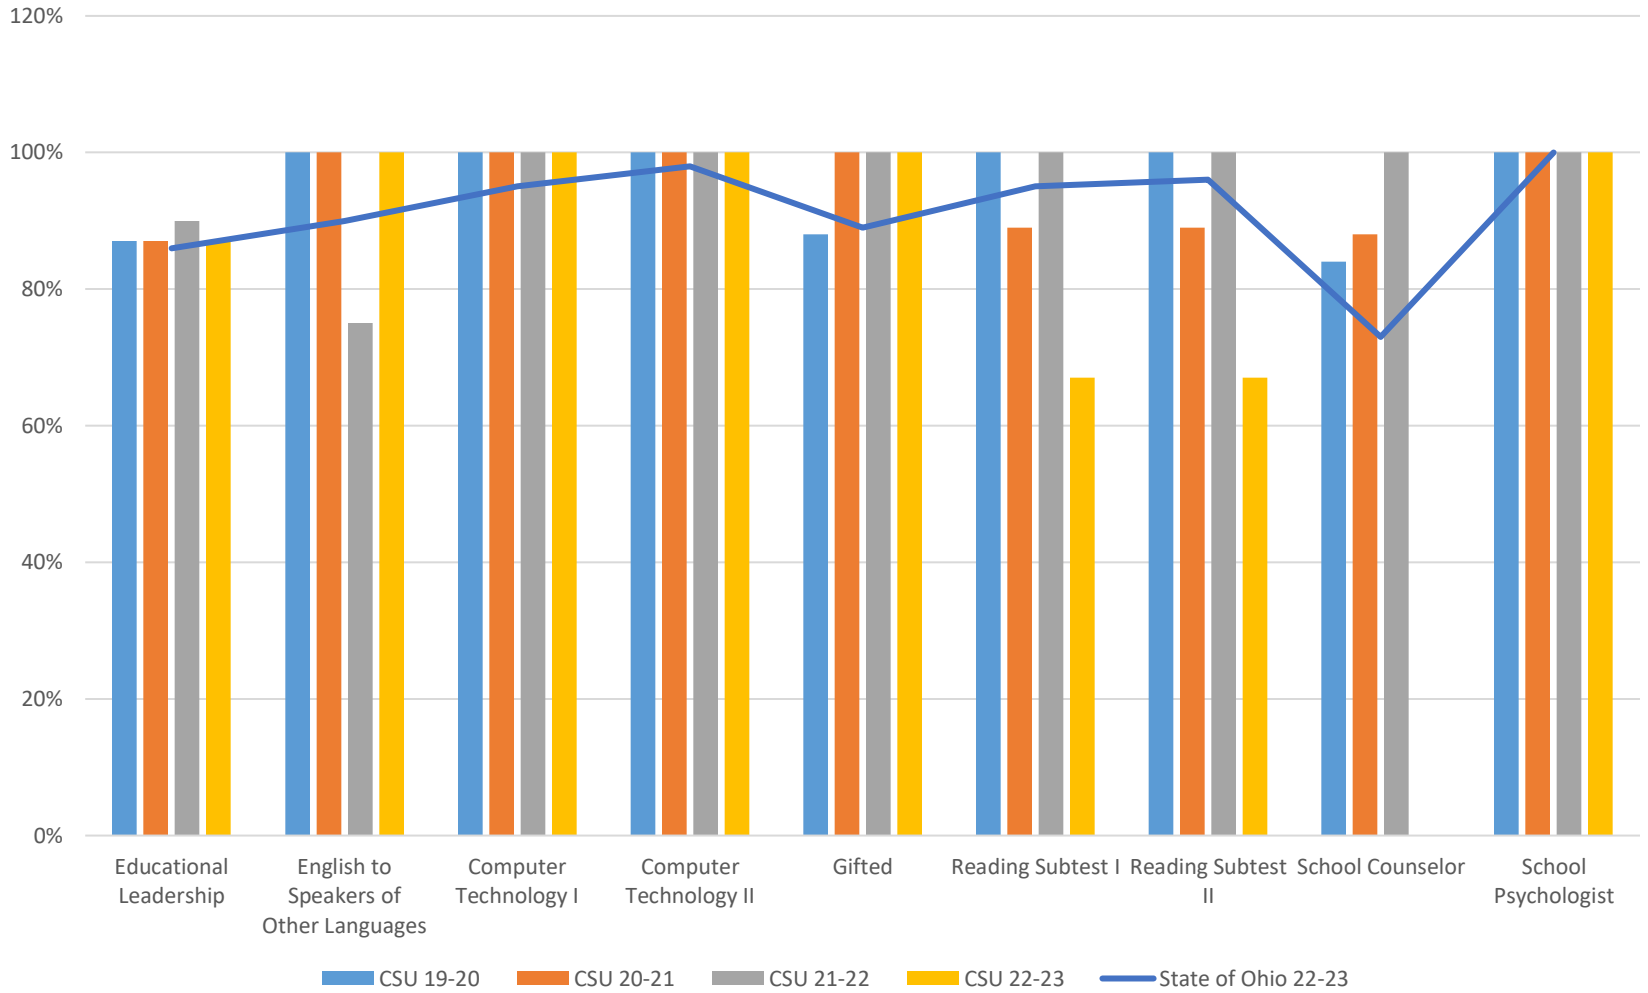

At the initial preparation level, pass rates for the Assessment of Professional Knowledge range from 50% to 100% although there are small numbers of takers for these tests. Most candidates earn a state passing score on the edTPA and do not take the APK. Pass rates for individual content area tests range from 40% to 100%. The Elementary I & II tests are new and have a low number of takers. The Music test had a low number of takers also. For the initial licensure exams, the pass rate increased or stayed the same in 12 out of 18 exams from the previous year and met or exceeded state pass rates in 13 exams.

At the advanced level, the 2022-2023 pass rates ranged from 67% to 100%, although this data does not include all completers and should be interpreted with caution because candidates who are not immediately applying for a new license or endorsement may opt not to take the exam before program completion. This year's scores increased or stayed the same for 5 of the 8 tests. Test scores also met or exceeded the State of Ohio's pass rate in 6 of the 8 tests.

Ohio Assessments for Educators CSU vs. Ohio

Ohio Assessments for Educators CSU (Advanced) vs. Ohio

Initial Tests	CSU 18-19	CSU 19-20	CSU 20-21	CSU 21-22	CSU 22-23	State of Ohio 22-23
