GRADUATE TRANSFER OF CREDIT REQUIREMENTS

Transfer credit is subject to department and Graduate College regulations. Transfer credit requires the approval of the Graduate Program Committee and the Dean of the Graduate College. Departments may limit transfer credit to less than the maximum permitted by the Graduate College where it is felt that courses are not appropriate for the student's program.

1. All graduate transfer credit must have been earned at an accredited graduate college or university and not utilized to fulfill a requirement for any other degree.
2. Students seeking transfer credit must have Regular Graduate Student Status and be in good academic standing at both Cleveland State University, and the school in which the credits were earned.
3. Credit awarded in transfer will not be recorded on the student's transcript until 12 semester hours of graduate (500-800 level) course work is completed at Cleveland State University and the student has a cumulative grade-point average of 3.00 or above.
4. Transfer credit can not exceed nine graduate semester hours for master's degree students, and one-third of the total hours required for doctoral degree students. Requests for an extension of the limit on transfer credit must be approved by the department/program graduate committee. Such requests do not require review and approval by the Graduate College Petitions Committee. Not more than one-half of a student's total graduate program may be a combination of transfer credit and credit by examination.
5. All credits requested in transfer must carry a letter grade of "B" or above in graduate level courses. No "S/F" or "P/F" graded courses may be transferred. Petitions will not be considered for an exemption from this requirement.
6. All transfer credit must be within the six-year limitations on course work that may be applied for master's degree requirements. See the Graduate Catalog for the statute of limitations regulation. Requests for an extension of the six-year limit on transfer credit must be approved by the department/program graduate committee. Such request do not require review by the Graduate College Petitions Committee. **However, if the request involves coursework that is dated ten or more years at the anticipated point of graduation, the petition must also be reviewed and approved by the Graduate College Petitions Committee.**

For doctoral students, all transfer credits must be within the ten-year statute of limitations on coursework that may be used to meet degree requirements. See the Graduate Catalog for the statute of limitations regulation. **Transfer Requests for work that exceeds ten years must be approved by both the Department/Program Committee and the Graduate College Petitions Committee.**

Graduate College Petitions forms and instructions are available in the College of Graduate Studies Office, or may be downloaded: <http://www.csuohio.edu/gradcollege/students/forms/>.
