## 1. EXIT REQUIREMENTS FOR DEGREE-SEEKING STUDENTS:

Applying for Graduation - Applications for graduation are available in the Education Student Service Center (ESSC). You are encouraged to apply two semesters before your expected graduation date. Application deadlines are April 14th for Fall semester, September 9th for Spring semester, and February 1st for Summer semester. A graduation fee of \$25 is assessed upon submission of your graduation application.

Exit Requirement Options - In consultation with your faculty advisor, you must select one of the following four options as your culminating experience/exit requirement:

Portfolio Assessment (ETE 573) - If selecting this option, you must successfully complete ETE 573 (grade of B or better) and the portfolio assessment requirement of this course. Upon receipt of final grades showing successful completion ESSC will forward a notice of degree completion to the Graduation Office. If unsuccessful, you may complete one of the other three options below.

Comprehensive Exam Option – If selecting this option, the comprehensive exam should be taken during or after your last term of coursework. Placement on the comprehensive exam list requires that you apply for graduation, have a program of study on file in the ESSC, and be registered for at least one graduate hour during the term taken. Exam notices are sent approximately one month before the exam. If you wish to take the exam earlier than the term you plan to graduate, you must state so on the graduation application. Graduation applications are available in the Graduation Office.

Thesis/Project Option – If selecting the thesis or project option, you must be registered for at least one (1) graduate hour until completion of this requirement and submit a Proposal Approval form prior to submission of the final thesis or project. Thesis/Project forms and instructions are available in the ESSC, JH 170.

## 2. GRADUATE CREDIT TRANSFER/EXTENSION OF 6-YEAR LIMIT:

Graduate Credit Transfer - A Graduate Credit Transfer form must be completed when requesting credit toward your degree program for graduate-level courses taken at another institution. Transfer eligibility requires that courses be less than 6 years old (unless a petition is filed and approved to extend the 6-year limit—see below), were not used to meet previous degree requirements, and where a letter grade of "B" or better was earned. No more than nine (9) semester hours are transferable and you need to complete 12 semester hours at CSU before you can apply. Transcripts and course descriptions must accompany the Graduate Credit Transfer form, which is available in the ESSC, JH 170.

Extension of 6-Year Limit - A College Petition and corresponding Course Relevancy Statements must be completed when requesting credit for graduatelevel coursework that will be more than 6 years old at the time you graduate. Petitions and Relevancy Statements are available in the ESSC, JH 170.

## 3. ENDORSEMENT ELIGIBILITY:

To be eligible for the Computer/Technology endorsement, you must hold a valid provisional, professional, or permanent teaching certificate or license in the State of Ohio. Upon successful completion of the required courses listed on this program of study and a passing score on the applicable Pearson

| OAE exams, you may apply for the endorsement (see item for the endorsement.   |  |   |   |
